

Dr. Sharmishtha Patra MS, FRCOG

Gynecologist, Obstetrician &
Laparoscopic Surgeon

VAGINAL DISCHARGE:

When Is It a Concern?

Some vaginal discharge is **completely normal**. But changes may need attention.

**SEE A GYNECOLOGIST
IF YOU NOTICE:**

Unusual colour
or strong odour

Itching or burning

Pelvic pain

Pain while urinating

Unusual bleeding

**DON'T IGNORE
PERSISTENT CHANGES.**

Consult a gynecologist for
the right diagnosis and care.
